To Whom it May Concern

It is with great pleasure that I write this letter of recommendation for Abby Morrongiello.

Abby has worked as a part time employee at Brunos for well over a year and a half. She is prompt, courteous, and amenable to last minute changes. Her job description consists of greeting our customers, working the register, following up on orders taken, seating and cleaning the tables, and generally filling in wherever she is needed. Her work ethic is strong and admirable. Abby keeps her composure during our “rush hours” and gets the job done.

Abby is also so much more than that! Abby has quickly become a part of our “work family”. She has a wonderful subtle sense of humor; she is bright and welcoming. Abby gets along well with her co-workers, shows interest in what other employees do at Brunos and has even attempted to make a pizza or two! Abby has managed all this while working hard at school and being extremely active in basketball and school sports. Abby is a well-rounded, grounded young person and it is a pleasure to employ her.

Sincerely,

Lori Brescio
Brunos Pizza
